Mr. Ken Warnick
Great Salt Lake Minerals
& Chemicals Corporation
765 North 10500 West
Little Mountain
Ogden, Utah 84402

Dear Mr. Warnick:

A Reclamation Contract and Bond form is attached for your completion. Although the Bond form may appear redundant, it must be submitted as Exhibit B to the Reclamation Contract. The Power of Attorney from the Bond carrier may be used to replace page 3 of the MR-5 form (Bond).

As we discussed in earlier conversations, the Division must have these completed forms returned no later than Wednesday, August 23, 1989. The Board of Oil, Gas and Mining will approve or reject the new form and amount of surety on Thursday, August 24, 1989 at 9:00 a.m.

If this deadline cannot be met, the Board cannot approve or reject the change in amount and form of surety until the September 28, 1989 meeting. In this case, the Division cannot release the current bond on September 2, 1989.

Although the Division prefers to review surety estimates on a five year basis, we will allow you to post surety in 1989 dollars. Your property will be reevaluated annually to determine if the surety is adequate. Please call myself or Lowell Braxton, Associate Director, if you have any questions. Thank you for your cooperation.

Sincerely,

Scott Johnson
Reclamation Engineer
